3. APPROVAL OF AGENDA – August 8, 2017 - Could not approve. No Quorum

4. APPROVAL OF MINUTES – July 13, 2017 – Could not approve. No Quorum

5. DISCUSSION – The group decided to have a discussion, without quorum.

Discuss if we should be rigid with call to order? (No quorum to make a decision.)

Commissioner Snider suggested it would depend on how we will handle it moving forward.

Name Tents - Commissioner Wallace asked if we could have name tents like Director Brooks used. Ethnic Advisory had used these before and she thought they would be helpful. Director DeSantis said she would ask Director Brooks for the cards if she still had them.

Director DeSantis started the meeting with an ice breaker (What is it that draws you into being a Commissioner on the Arts and Cultural Board?) while we waited for the group and speaker to arrive. The group was promised that their replies would not appear on the minutes.

Special Presentation – Commissioner Sekhar provided an overview of her trip to Greece, a cultural diversity and artist journey she took as part of the 50th World Conference for Dance Research. She brought information on how to draw people into our community – 140 nations and 44 countries were represented at the Conference. She will take a trip to India planned in November to celebrate a teacher's birthday – it will be a busy year with India's Independence Day on August 15, 2017. She will have a performance for that August 26. She will send the group the information. She would like to have a walk-a-thon for the Lupus Foundation and she will have to do it on the Sunday before the performance.

Length of Meetings – Director Wallace wanted to know long were our OPACC meetings? We used to cut ours off at one hour, she said and suggested that these types of presentations would be good to have at the Call to Commissioners at the end of the meetings. Commissioner Bisson responded that the meetings lasted anywhere from half hour to two hours– too long in her opinion. Commissioner Tabb state that it is important for everyone to be here on time so we can address items and get out in hour. Commissioner Snider agreed, saying that it allows people to leave as soon as the business is handled, they can go.

2018 Commission Meeting Schedule - Director Denise gave out 2018 Commission Meeting Schedules to review for date changes. October will be difficult – considering the Jewish Orthodox holiday calendar, please advise if anything needs to be changed. Director DeSantis would like to know if we need to make any changes no later than next month, since the matter has to go before City Council if there are changes and it has to be submitted to the printer by deadline to make the 2018 calendar. Commissioner Snider said the calendar/schedule is part of the charter and we don't have a choice of days. Commissioner Snider said no decisions can be made tonight due to no quorum.

Commissioner Wallace said you can go before City Council to get approval to change dates, but you can't just cancel a meeting without council approval. Director DeSantis clarified that City Council meetings can be cancelled by gaining City Council approval in advance, or if we have a meeting that we know will not have a quorum, we are to notify the City Clerk's Office at least two weeks in advance and there is a number of steps they make to officially cancel the meeting which includes posting a notice in City Hall lobby and on the website; notifying all the Boards and Commission Members that the meeting has been cancelled; and posting a note on the meeting room door the night on the day the meeting was originally scheduled.

Commissioner Snider asked the Mayor about "sunsetting" commissioners who don't show. Mayor McClellan mentioned that attendance at the meetings are very important. Commissioner Snider stated there are people who don't show up regularly and he was wondering how that will be handled.

The Mayor McClellan said part of City Council's decisions on whether to reappoint a Commissioner is based on the attendance record. It is better not to commit to being a Commissioner if you can't make the meetings, but instead just drop in when you're available. You can still come to the meetings when you can, that way.

Reappointment Process - Director DeSantis mentioned that quite a few Commissioners at the first meeting were wondering what the process was to be reappointed since many of their terms

expire in August. Since the group was over the chartered 11 members they wanted to know if they have a chance at being renewed. Director DeSantis said that the City Clerk's Office clarified that as long as the Commissioners wanted to be on the Commission, were in good standing, and upon vote of the City Council, they could still be reappointed even if we are over the 11 seats.

Mayor McClellan said that they are awaiting a report from the City Clerk's office then they hold a Special Council Meeting to review the reappointments. She said attendance is very important this year because of the number of meetings that did not have quorum. She said that it is better if a person knows they aren't going to be able to attend the meetings that they do not apply to be a Commissioner, but instead are welcome to attend the meetings and still participate.

Commissioner Tabb stated that she is the Chairperson of the Beautification Commission and the City Clerk's Office doesn't ask the Commission Chairperson, but they do talk to the City Liaisons and the City Council Member assigned to the Commission. They also look at attendance. Commissioner Tabb recommended that Commissioners that are interested in reappointment talk to Liaison rather than Chairperson because commissioners don't have a say. She also said that the Clerk's Office already has the attendance in the Clerk's Office so leaders don't have to make those decisions.

Director DeSantis mentioned it is only respectful to other members that we attend because fellow Commissioners are taking time out of their schedule, sometimes canceling events and being away from their family's activities to participate. If we don't have a quorum and we can't make a decision, then we aren't able to attend to business and further projects. If we continually don't have quorum, that can disappoint other Commissioners and result in them not wanting to be reappointed.

Commissioner McQueen mentioned that she would not be here at the September meeting.

Commissioner Wallace said that on paper this is the final meeting of her term and wondered how to find out if she should come back at the next meeting.

Commissioner Tabb said she should get a call from the City Clerk's office to ask you if she was still interested in extending, they check attendance and after City Council votes then she should get a letter advising her.

Mayor McClellan said she had to need to leave – husband had a heart scare over the weekend and she needed to go get him.

Commission Elections - Director DeSantis reminded everyone that we hope to have elections next month. She handed out forms for people that are interested in running for Chairperson, Vice-Chairperson and Secretary to consider what qualifications you would like to see for those on the commission. Submit them back to her before the meeting and she will compile a list for review before we collect candidates names next meeting and vote.

[The group was reminded that the time is up. Director DeSantis mentioned that in another Commission, they placed times on the agenda to help keep on schedule, we could consider doing that if the Commissioners would like.]

You Create Art Activity Staffing - Director DeSantis reminded everyone of the You Create Art activity at the Library if they can make it. Also, she needed the themes for Fourth Quarter to place in the City's Magazine. Commissioner Bisson said that the August activity would be Origami

butterflies. She would need someone to take the lead for September. And that Commissioner McQueen can consider You Create: Beats for October, November and December series.

Fundraising - Director DeSantis also suggested that Commissioners give some thoughts to ways for fundraising the Commission could raise some money for the projects we want to do – we will need to approve funding, special events dates and that although we can piecemeal them, if we do our yearly planning sessions and commit to activities, we could gain approval of our activities all at once, requiring one City Council agenda item.

City Art Gallery - Director DeSantis also mentioned that this is the time of the year for many arts and craft festivals and to keep an eye out for candidates for the City Hall Art Gallery display. We are in need of a fourth quarter artist. Remember, application forms are found online under the Commission's page– reach out to local artists. Come to next meeting with submissions, if possible.

a) CASE 17-03:

APPLICANT:

Mr. Mustapha Hannawi, on behalf of Marathon gas station
26700 Greenfield
Oak Park, Michigan

PROPERTY:

26700 Greenfield
Property Identification Number: 25-19-101-001

ORDINANCE REQUIREMENTS AND REQUEST:

One variance is requested:

1. Article XVI requires that the rear yard setback to be twenty-five (25) feet. The applicant is requesting a waiver of twenty-five (25) feet to allow for a rear yard setback of zero (0) feet.

STAFF FINDINGS OF FACT:

1. The subject property is currently B-2, General Business District.
2. Article XVI requires that the rear yard setback be twenty-five (25) feet.

3. The applicant is requesting a waiver of twenty-five (25) feet to allow for a rear yard setback of zero (0) feet.
4. The Zoning Ordinance permits a zero (0) foot side yard setback.
5. The property is on a corner lot at the intersection of Eleven Mile Road and Greenfield.
6. The existing building has a zero (0) foot rear yard setback.
7. The proposed 413 square foot addition would fill-in a fourteen (14) by thirty (30) square foot area in the southeast corner of the property to the south of the existing building.

STAFF RECOMMENDATIONS:

The Marathon gas station at 26700 Greenfield is proposing to construct a 413 square foot addition that would fill-in a fourteen (14) by thirty (30) square foot area in the southeast corner of the property. The addition will house a walk-in cooler and is part of a complete renovation of the existing building.

Considering the proposed addition will fill-in a relatively unusable area and greatly enhance the functionality of the convenience store, a variance request seems reasonable. It light of the complete renovation of the building it is unlikely that the change will essentially negatively alter the character of the surrounding area. Although strict compliance with the rear setback provisions would not unreasonably prevent the owner from using the property for a permitted purpose, it would render conformity unnecessarily burdensome in this case.

Mustapha Hannawi addressed the board to explain his request for the variance as he wishes to construct an addition and reconstruction of the aging building. With a portion of the addition crossing the border of the City of Southfield, a letter was provided to the Board from the City of Southfield confirming their approval of the addition.

MOTION by Barton, SECONDED by Seligson, that based on the information presented in the Staff Report, and additional findings of fact discussed during the review of case #17-03, I move to **approve** the request of Mr. Mustapha Hannawi, on behalf of Marathon gas station, 26700 Greenfield,

1. for a waiver of twenty-five (25) feet, from the requirements in Article XVI, to allow for the rear yard setback to be zero (0) feet.

Vote: Yes: Barton, Huston, Seligson, Landau
No: None

NEW BUSINESS:

a) **CASE 17-05:**

APPLICANT:

Mr. Mordechai Dunst
25330 Ronald Court
Oak Park, Michigan

PROPERTY:

25330 Ronald Court
Property Identification Number: 25-30-451-011

ORDINANCE REQUIREMENTS AND REQUEST:

Two variances are requested:

1. Article XVI requires that the rear yard setback be thirty (30) feet. The applicant is requesting a waiver of six (6) feet, six (6) inches, to allow for the rear yard setback to be twenty-three (23) feet, six (6) inches.
2. Article XVI, requires the maximum lot coverage of all buildings not to exceed thirty-five (35) percent of the total lot area. The applicant is requesting a waiver of seventy (70) square feet to allow for building coverage of thirty-six (36) percent of the total lot area.

STAFF FINDINGS OF FACT:

- 1) The subject parcel is zoned R-1, One Family Dwelling District.
- 2) Article XVI requires a minimum rear yard setback of thirty (30) feet.
- 3) The applicant is requesting a waiver of six (6) feet, six (6) inches, to allow for the rear yard setback to be twenty-three (23) feet, six (6) inches.
- 4) Article XVI, requires the maximum lot coverage of all buildings not to exceed thirty-five (35) percent of the total lot area.
- 5) The applicant is requesting a waiver of seventy (70) square feet to allow for building coverage of thirty-six (36) percent of the total lot area.
- 6) The proposed addition will be 18.3 feet by 26.1 feet or 460 square feet.
- 7) The proposed addition will be in compliance with all other setback, size and height requirements of the Zoning Ordinance.
- 8) The subject parcel is part of a cul-de-sac with a slightly irregular shape with a front lot line width of 61.41 feet, a south side yard length of 100.75, a north side yard length of 119.93 feet and a rear yard of 68.6 feet.
- 9) The rear property line is adjacent to a new cul-de-sac named Curtis Court.

STAFF RECOMMENDATIONS:

The applicant is proposing to make a modification to an existing house that will result in a 460 square foot addition to the southeast corner of the rear of the house. The addition will be one story in height and increase the size of the house with garage to 2,509 square feet.

In this case there are property circumstances that can be taken into consideration regarding the case. The property is an interior cul-de-sac lot with an irregular side yard lot line.

The Board will have to determine whether an argument for a practical difficulty (would compliance unreasonably prevent the owner from using the property for a permitted purpose, would strict compliance would render conformity unnecessarily burdensome, and would the granting of a variance would provide substantial justice to applicant) can be demonstrated.

Given the fact that the proposed addition is relatively small and the property backs up to a four home cul-de-sac, it is unlikely that the change will essentially alter the character of

August 22, 2017

the surrounding area or be that visibly noticeable. Although strict compliance with the rear setback provisions would not unreasonably prevent the owner from using the property for a permitted purpose, it might render conformity unnecessarily burdensome in this case.

The Board will want to ensure that if a variance is granted, it is the minimum necessary to permit reasonable use of the land and building. Would a reduction in the size of the addition lessen the impact of the variance without significantly diminishing the use and functionality of the addition?

Mordechai Dunst addressed the Board to explain that he wishes to construct an addition to his home in order to create more space for his expanding family.

MOTION BY Huston, SECONDED BY Seligson: that based on the information presented in the Planning Division Report, and additional findings of fact discussed during the review of case # 17-05, I move to **approve** the request of Mr. Mordechai Dunst, 25330 Ronald Court,

- 1) for a waiver of six (6) feet, six (6) inches, from the provisions in Article XVI, to allow for the construction of an addition that will result in a rear yard setback of twenty-three (23) feet, six (6) inches.
- 2) for a waiver of seventy (70) square feet, from the provisions in Article XVI, to allow for building coverage of thirty-six (36) percent of the total lot area.

VOTE: Yes: Blumenkopf, Huston, Seligson, Landau, Barton
No: None

b) **CASE NO. 17-06:**

APPLICANT:

Mr. Benjamin Waxenberg
14510 Sherwood
Oak Park, Michigan

PROPERTY:

14510 Sherwood
Property Identification Number: 25-19-403-023

ORDINANCE REQUIREMENTS AND REQUEST:

One variance is requested:

1. Article XXI, Section 2105, allows decks to project into required rear yards for a distance not to exceed five (5) feet. The applicant is requesting a waiver of eleven (11) feet, two (2) inches to allow for the rear yard setback to be thirteen (13) feet, ten (10) inches.

STAFF FINDINGS OF FACT:

- 1) The subject parcel is zoned R-1, One Family Dwelling District.
- 2) Article XVI requires a minimum rear yard setback of thirty (30) feet.

August 22, 2017

- 3) Article XXI, Section 2105, allows decks to project into required rear yards for a distance not to exceed five (5) feet.
- 4) The applicant is requesting a waiver of eleven (11) feet, two (2) inches to allow for the rear yard setback to be thirteen (13) feet, ten (10) inches.
- 5) The proposed deck is approximately 24 inches above the ground.
- 6) The subject parcel is an irregular shaped lot with a front lot line width of 65.52 feet, a east side yard length of 101.39, an west side yard length of 99.11 feet and a rear yard of 94.51 feet.
- 7) The distance from the house to rear lot line is twenty-seven (27) feet, ten (10) inches.

STAFF RECOMMENDATIONS:

The applicant is proposing to have a new deck installed on the rear of their house. Because the deck is considered a structure it must comply with the setback requirements of the Zoning Ordinance. Unfortunately for the applicant their lot is very shallow by Oak Park standards, at only an average of 100 feet deep, and there is little opportunity to place a deck that meets the setback requirements.

Although strict compliance with the rear setback provisions would not unreasonably prevent the owner from using the property for a permitted purpose, it would render conformity unnecessarily burdensome in this case.

The Board will want to ensure that if a variance is granted, it is the minimum necessary to permit reasonable use of the land and building. Would a reduction in the size of the deck lessen the impact of the variance without significantly diminishing the use and functionality of the deck?

Taking the above findings of fact into consideration, and if the Board is satisfied with the proposed size of the deck, it is the recommendation of the Planning Division to approve the variance request.

Dennis Yashinsky, on behalf of Mr. Waxenburg, addressed the board to explain that they wish to construct a deck on the back of the home that would only be one (1) foot off of the ground, for family entertaining purposes.

MOTION BY Seligson, SECONDED BY Huston: that based on the information presented in the Planning Division Report, and additional findings of fact discussed during the review of case # 17-06, I move to **approve** the request of Mr. Benjamin Waxenberg, 14510 Sherwood,

- 1) for a waiver of eleven (11) feet, two (2) inches, from the provisions in Article XXI, Section 2105, to allow for the construction of a deck which will result in a rear yard deck setback of thirteen (13) feet, ten (10) inches.

ADJOURNMENT:

There being no objections Chairman Landau adjourned the meeting at 7:44 p.m.

We are planning to replace the Front Door and some or all of our windows if approved. If we would be eligible for the Program next year, we would get the front door this year and some windows and the following year replace the other windows.

We have owned Ernie's Market since 1955. We hope you will approve our project. If you need any other information please contact Lois or Ernie at 734 812-7552.

Thank you very much.
