2022 SUMMER MAINTENANCE AGREEMENT
CITY OF OAK PARK

Under 1951 PA 51, As Amended

This Summer Maintenance Agreement ("Agreement") is made this ___ day of _____, 2022, between the Board of County Road Commissioners of the County of Oakland, State of Michigan, a public body corporate, (hereinafter variously referred to as the "Board and as the "Road Commission for Oakland County") and the **City of Oak Park,** Oakland County Michigan, a Michigan municipal corporation hereinafter referred to as the "City."

WHEREAS, certain county primary and local roads more specifically set forth in Exhibit A, attached hereto, are under the jurisdiction and control of the Board and are located within or adjacent to the City; and

WHEREAS, The City desires to be responsible for certain maintenance of said roads under the terms of this Agreement and the Board is willing to participate in the cost thereof as provided in Section III of this Agreement;

NOW, THEREFORE, in consideration of the mutual convenants set forth herein as provided, it is hereby agreed as follows:

I

The City hereby agrees to be responsible for performing Summer Maintenance of certain roads under the terms of this Agreement, and the Board agrees to participate in the cost thereof as provided in Section III of this Agreement. "Summer Maintenance," herein required to be performed by City, shall mean the work and services specified in Exhibit B hereto and this Agreement. All maintenance work and services performed by the City shall be in accordance with the Board's minimum maintenance standards and this Agreement.

II

The Board has determined and specified the equipment and personnel necessary to provide the Summer Maintenance and the City has acquired the necessary equipment and personnel so specified. The City shall keep accurate and uniform records of all Summer Maintenance work performed pursuant to this Agreement. The Board shall have the right to audit City accounts and records insofar as such documents concern this Agreement and the work and services performed and to be performed hereunder.

III

In consideration of the Summer Maintenance by the City, the Board hereby agrees to pay to the City the sum of **$17,707.35** as set forth in Exhibit A, attached hereto and made a part hereof. Such amounts are to be used by the City for Summer Maintenance. Payments are to be made by the Board to the City as follows:

65% on September 15, 2022
35% upon completion of the last Summer Maintenance activity

The making of said payments shall constitute the Board's entire obligation in reference to Summer Maintenance.

IV

It is specifically understood and agreed by the City and the Board that by undertaking to perform Summer Maintenance of certain county primary roads, the City does not assume the Board's legal duty to

keep said roads in such condition as to be in accordance with MCLA 224.21, reasonably safe and convenient for public travel, other than as may relate to the work and service to be performed as listed in Section I above, and the City hereby agrees to hold harmless, represent, defend with counsel acceptable to the Board, and indemnify the Board; the County of Oakland; the Office of the Oakland County Water Resources Commissioner and any and all applicable drainage districts(s); the Michigan State Department of Transportation and the Transportation Commission; any and all local units(s) of government within which the roads subject to this Agreement are located, and the respective officers, agents and employees of all of the foregoing, against any and all claims, charges, complaints, damages, or causes of action for (a) public or private property damage, (b) injuries to persons, or (c) other claims, charges, complaints, damages or causes of action arising out of the performance or non-performance of the activities which are the subject matter of this Agreement, both known and unknown, whether during the progress or after the completion thereof. However, this hold harmless provision does not apply in so far as any claim or suit is alleged to be, or demonstrated to be, the result of a defect in highway design or condition and not related to the Summer Maintenance activities set out in Section I. Further, since the Board has the statutory responsibility for maintenance of the roads under this Agreement, it is the intent of the parties that the delegation by this Agreement of those maintenance responsibilities to the City provide immunity to the City as an agent of the County. Therefore, the City falls within the governmental immunity protection of the County.

During that part of the year that the City is providing Summer Maintenance under Section I, the City agrees to notify the Board within 30 days, should it become aware of defects or maintenance requirements in the roads set forth in Exhibit A, if said defects or maintenance requirements are not Summer Maintenance subject to this Agreement.

V

The City shall acquire and maintain, during the term of the Agreement, statutory worker's compensation, employer's liability, automobile and comprehensive general liability insurance coverages, and such other insurance coverages, as described in Exhibit C attached hereto, covering the Board's liability for any and all claims arising out of the City's performance or non-performance of the activities which are the subject matter of this Agreement, and these coverages shall be obtained and maintained in accordance with the requirements set forth in Exhibit C attached hereto and made a part hereof and shall be primary and non- contributory.

VI

The City further agrees to comply with all applicable laws and regulations, including laws and regulations of the State of Michigan for safeguarding the air and waters of the State**.** In particular, City facilities and operations must meet the provisions of Part 5 (Spillage of Oil and Polluting Materials) rules promulgated pursuant to Part 31, Water Resources Protection, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended. (Rules R324.2001 through R324.2009 address release prevention planning, secondary containment, surveillance, and release reporting requirements).

VII

In accordance with Michigan 1976 PA 453, as amended, and 1976 PA 220, as amended, the City covenants not to discriminate against any employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, marital status or because of a disability that is unrelated to the individual's ability to perform the duties of the particular job or position, and to require a similar covenant on the part of any subcontractor employed in the performance of the Agreement. A breach of this covenant may be regarded as a material breach of this Agreement.

VIII

City shall utilize the provisions of the Federal E-Verify Program to verify the work authorization status of all newly hired employees; and the Road Commission for Oakland County may terminate the contract for failure of City to so comply with the Federal E-Verify Program.

IX

It is the intention of the parties hereto that this Agreement is not made for the benefit of any third party.

It is anticipated that subsequent agreements regarding Summer Maintenance activities will be executed annually by the Parties hereto.

The terms and conditions of this Agreement shall become effective as of April 1, 2022 and shall continue in full force and effect until a subsequent Summer Maintenance agreement has been executed by the parties hereto or until this Agreement is terminated, as set forth below.

In the event that a subsequent Summer Maintenance agreement has not been executed by the parties hereto on or before October 1, 2022, either party may terminate this Agreement by providing the other party hereto with written notice of intent to terminate, at least thirty (30) days prior to the date of termination.

This Agreement is executed by the Board at its meeting of_____, and by the City by authority of a resolution of its governing body, adopted _____, (copy attached as Exhibit D).

Economic Development and Planning has identified the following additional zoning ordinance changes necessary to improve the newly adopted Zoning Ordinance.

Through implementation of the new zoning ordinance there have been simple numbering, spelling, formatting errors corrected; a few minor adjustments to better assist code enforcement in their efforts; and add clarifications with new definitions. We do plan to continue reviewing the zoning ordinance on a quarterly basis and bringing any changes needed in a timely fashion.

Oak Park Awarded Federal Funding for Body Worn Camera Project

The City of Oak Park will receive $560,000 in federal funding for body worn/in-car cameras through funds Congresswoman Brenda Lawrence earmarked as part of the 2022 appropriations bill.

This is a welcomed announcement for the City, as it helps ensure continued safety for the Oak Park community and the City's Public Safety Officers. Additionally, the allocation of these federal funds will primarily fund the project.

"We are thankful and fortunate to have a great partner and advocate in Congresswoman Brenda Lawrence," said City Manager Erik Tungate. "She consistently advocates for the needs of the Oak Park community."

Currently, Oak Park's Public Safety does not have body cameras, but the need for them has long been recognized.

"The Oak Park Department of Public Safety is extremely grateful and excited to have been awarded funding by the United States Congress for the department's Body Worn Camera Project," said Public Safety Director Steve Cooper. "Having this tool will greatly assist the department in creating another level of transparency and trust with the citizens we so proudly serve."

The Oak Park Department of Public Safety does have in-car cameras, which are helpful during traffic stops. However, the in-car cameras cannot go inside locations with the officers.

"With the body cams, they are vey mobile and we can take them pretty much anywhere," said Cooper. "We're very proud of the work and the service we provide here at the Oak Park Public Safety Department. We have very strong support from our community, and we have for decades. This is something we want to continue and body cams are an excellent way to continue to instill that trust in the community and in our officers."

-MORE-

Currently, the Oak Park Department of Public Safety has 53 sworn officers.

The 2022 appropriations bill was approved by Congress on March 10 and signed into law by President Joe Biden on March 15. Congresswoman Lawrence serves in the House of Representatives and tirelessly worked to secure funding for the communities she represents.

“As the Vice Chair of the House Appropriations Committee, I’m proud to have voted for this funding bill that reflects the values and priorities of Michiganders,” Congresswoman Lawrence said in a press release. “I’m especially excited that this bill includes all 10 Community Project Funding Requests for the district.”

Congresswoman Lawrence’s Community Project Funding requests were part of a change in the budgeting process that allowed members of Congress to request specific items for local projects. This is the first time such requests were taken and approved in over a decade.

2022 Millage Renewal
Quick Facts

Election Day: Tuesday, May 3, 2022

Proposal Renewal on the Ballot:
General Fund Operating Millage Renewal

General Fund Operating Millage Renewal

Renewal of 19.4937 authorized mills that are levied on businesses and non-primary residences.

On May 3, 2022, the Berkley School District will place a General Operating Fund Millage Renewal on the ballot, calling for a 19.4937 mills renewal for taxes that are levied on business and non-primary residents. The District would, however, only levy 18 mills. This would not be a levy (tax) on primary household residences. This is also known as a Non-Homestead Millage.

The revenue generated from the General Fund Operating Millage is considered by the State when calculating the District's per pupil amounts, and generated approximately $3.8 million in 2021. Without this millage, the District would be facing more than a $640 per pupil loss – out of the $8700 per pupil rate in 2022.

This millage was previously approved by Berkley School District voters in 2013, and again with a Headlee Restoration Millage in 2019, and will expire in May 2023. The 18 mills are levied 100% within the summer tax bill.

General Fund Operating Millage dollars are used to support the District's every day expenses including classroom supplies, teacher salaries and technology.

Ballot Language

BERKLEY SCHOOL DISTRICT
OPERATING MILLAGE RENEWAL PROPOSAL

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its revenue per pupil foundation allowance and renews millage that will expire with the 2022 tax levy.

Shall the currently authorized millage rate limitation of 19.4937 mills ($19.4937 on each $1,000 of taxable valuation) on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Berkley School District, Oakland County, Michigan, be renewed for a period of 10 years, 2023 to 2032, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2023 is approximately $3,800,000 (this is a renewal of millage that will expire with the 2022 tax levy)?

2022 Millage Renewal Frequently Asked Questions

Will my tax rates increase if the proposal passes?
No. The proposal is a renewal of current tax rates.

What does Non-Homestead mean?
Non-homestead property includes all taxable property within the District boundaries with the exception of a family's primary residence and other property exempted by law. Non-homestead property includes industrial, commercial and some agricultural property and 'second homes.'

If the General Fund Operating Millage is not passed by voters, will my tax rates go down if I'm a primary homeowner?
No. The General Fund Operating Millage is a tax on non-homestead properties, not primary residences.

What happens if the General Fund Operating Millage is not approved?
The revenue generated from the 18 mills totals approximately $3.8 million annually. If this millage does not pass, the Berkley School District would be forced to reduce or cut programs to offset the $3.8 million loss.

What is the last day to pick up an absentee ballot from my City Clerk's Office?
The last day an absentee ballot can be requested to be mailed is 5 pm on April 29, 2022. Absentee ballots can be picked up at the City Clerk's Office up to 8 pm on Election Day (May 3, 2022).

Why is this proposal on the ballot now when General Fund Operating Millage doesn't expire until May 2023?
The Berkley School District is putting this proposal on the ballot in 2022 to capture the opportunity to renew the millage rather than have the current rate eroded even further from a Headlee rollback. Headlee refers to the decades old state law that rolls back district and municipality operating millage rates in years when taxable values grow beyond the inflation rate (consumer price index).

How is the Headlee Restoration Millage that was passed in 2019 related to this Non-Homestead Millage?
The Headlee Restoration Millage allowed the District to return to levying 18 mills of Non-Homestead millage on all commercial, business, rental properties, vacant land, and second-home properties. At that time, due to the Headlee rollback, the District was levying around 17.5 mills, rather than the 18 mills to fullfil the District's per pupil funding.

Why do districts levy 18 Mills on non-homestead properties?
Each district in the State of Michigan uses the per pupil (student) funding allotment to plan its annual budget. The State determines the per pupil amounts during their annual budget process.

The State of Michigan also decides how much of the per pupil funding comes from the State and how much comes from each district's local non-homestead tax base. The State assumes each district is collecting 18 mills from its non-homestead properties. The State then backs out the revenue generated by the non-homestead property taxes (the full 18 mills) before sending the District its funding payments. Without the full 18 mills, districts cannot collect the full amount per each pupil.

Berkley Schools has been collecting 18 mills as the non-homestead operating millage since Proposal A passed in 1993, with the exception of one year when the Headlee rollback caused the District to levy approximately 17.5 mills.
