Motion by Radner, seconded by Burns, CARRIED UNANIMOUSLY, to approve Traffic Control Order 160 Sec 1.27 making the intersection of Roanoke and Kenwood a permanent All-Way Stop.

Roll Call Vote:	Yes:	McClellan, Burns, Radner, Edgar, Whitehead

MOTION DECLARED ADOPTED

Public Safety Director Cooper stated that at the November 10, 2020 City Council Meeting he presented Temporary Traffic Control Order# 160 Sec.1.25 to Council. The Traffic Control Order was adopted, making the intersection of Roanoke and Kenwood an All-Way Stop for 90 days then the order would be re-evaluated. He reminded everyone that the Public Safety Department had received continuous complaints dating back as far as December of 2014, regarding speeding motorists traveling northbound and southbound on Roanoke Street between Oak Park Blvd and Nine Mile. Residents have also complained about vehicle accidents and near accidents at this intersection. There was an initial traffic study requested which was conducted by the Traffic Improvement Association (TIA). The recommendation was to post Stop control for eastbound and westbound Kenwood and to remove Stop control for northbound and southbound Roanoke, allowing the traffic for northbound and southbound Roanoke to flow unimpeded.

This original recommendation was adopted by City Council at the December 1, 2014, City Council Meeting and since that adoption Public Safety continued to receive the same complaints on a regular bases. The Traffic Improvement Association conducted a second speed study at the location several months later and concluded the traffic conditions did not warrant changing the signage. Public Safety continued with various selective enforcement details at this location to address the problem, with complaints persisting from residents. Just prior to the Temporary Traffic Control Order on November 10, 2020, TIA conducted another speed study on Roanoke Street between Oak Park Blvd and 9 Mile Rd per my request. In January of 2021 I had TIA conduct a follow up study after the All-Way Stop had been put in place for comparison purposes.

The before study of Roanoke, between Kenwood and 9 Mile Rd indicated average speeds to be 26 MPH and the after study indicated a decrease in speeds to reflect 23 MPH (85th percentile speeds before were 29 MPH and after 27 MPH). The before study of Roanoke, between Oak Park Blvd and Kenwood indicated average speeds to be 25 MPH and the after study indicated a decrease in speeds to reflect 23 MPH (85th percentile speeds before were 29 MPH and after were 28 MPH).
Note: The average daily traffic during the after study period compared to the before study period was approximately 300 vehicles less. Director Cooper personally spoke with the Traffic Engineer from TIA, who stated he was not convinced that the reduction in speeds were a direct result of the signage change. He believes the 90-day sampling does not accurately reflect the driving behavior long term and the speed of drivers would possibly start to rise the longer you leave the All-Way Stop in place. His recommendation is to remove the temporary All-Way Stop at Kenwood and Roanoke intersection and return Stop control for eastbound and westbound Kenwood only.

Having directly dealt with this issue for the past 6 years, Director Cooper stated that he respectfully disagrees with his recommendation and is convinced that the change in signage,making Roanoke Street between 9 Mile Rd and Oak Park Blvd an All-Way Stop has effected the speed of motorists. He believes this is supported by the information contained in the "Summary of Speed Data" listed in TIA's report, indicating a decrease in vehicle speeds after the All-Way Stop was put in place.

In an effort to bring together collaboration for the planning of this event, an ad hoc committee, formed by City Council, is the preferred way to ensure a successful event. Director of Strategic Planning and Special Projects VanVleck reported that public art is an integral piece of the Nine Mile Redesign. As plans for the redesign evolved, through significant public input, the Nine Mile Linear Park was identified as a great place to provide the community with a large public art installation.

Based on best practices, an ideal way to choose the public art installation is through an ad hoc committee formed by City Council. We propose the ad hoc committee consist of three members of the Arts and Cultural Diversity Commission and the Council Liaison to the Arts and Cultural Diversity Commission, three staff members appointed by the City Manager, and two residents appointed by City Council. Members of the Arts and Cultural Diversity Commission will be appointed by the Commission. Residents appointed by City Council will be recommended by staff through an application process, with the intention of identifying individuals with specific qualifications that will assist the committee in the selection of art.

Please accept this communication as a request on behalf of the Berkley School District for the City of Oak Park to facilitate the collection and payment of summer taxes for the 2021 levy. The City's cooperation in this matter greatly assists the school district in efficiently and effectively collecting a material amount of budgeted revenues.

In an effort to coordinate this arrangement for the 2021 levy, attached you will find a proposed agreement between the school district and the City with terms and conditions similar to last year's contents. Please have the appropriate city official execute this agreement and return a signed copy for District records. Should you have any questions or concerns on this matter, please contact me at Lawrence.gallagher@berkleyschools.org or (248)837-8029.

2021 SUMMER MAINTENANCE AGREEMENT
CITY OF OAK PARK

Under 1951 PA 51, As Amended

This Summer Maintenance Agreement ("Agreement") is made this ____day of_____, 2021, between the Board of County Road Commissioners of the County of Oakland, State of Michigan, a public body corporate, (hereinafter variously referred to as the "Board and as the "Road Commission for Oakland County") and the **City of Oak Park,** Oakland County Michigan, a Michigan municipal corporation hereinafter referred to as the "City."

WHEREAS, certain county primary and local roads more specifically set forth in Exhibit A, attached hereto, are under the jurisdiction and control of the Board and are located within or adjacent to the City; and

WHEREAS, The City desires to be responsible for certain maintenance of said roads under the terms of this Agreement and the Board is willing to participate in the cost thereof as provided in Section III of this Agreement;

NOW, THEREFORE, in consideration of the mutual convenants set forth herein as provided, it is hereby agreed as follows:

I

The City hereby agrees to be responsible for performing Summer Maintenance of certain roads under the terms of this Agreement, and the Board agrees to participate in the cost thereof as provided in Section III of this Agreement. "Summer Maintenance," herein required to be performed by City, shall mean the work and services specified in Exhibit B hereto and this Agreement. All maintenance work and services performed by the City shall be in accordance with the Board's minimum maintenance standards and this Agreement.

II

The Board has determined and specified the equipment and personnel necessary to provide the Summer Maintenance and the City has acquired the necessary equipment and personnel so specified. The City shall keep accurate and uniform records of all Summer Maintenance work performed pursuant to this Agreement. The Board shall have the right to audit City accounts and records insofar as such documents concern this Agreement and the work and services performed and to be performed hereunder.

III

In consideration of the Summer Maintenance by the City, the Board hereby agrees to pay to the City the sum of **$17,707.35** as set forth in Exhibit A, attached hereto and made a part hereof. Such amounts are to be used by the City for Summer Maintenance. Payments are to be made by the Board to the City as follows:

65% on September 15, 2021
35% upon completion of the last Summer Maintenance activity

The making of said payments shall constitute the Board's entire obligation in reference to Summer Maintenance.

IV

It is specifically understood and agreed by the City and the Board that by undertaking to perform Summer Maintenance of certain county primary roads, the City does not assume the Board's legal duty to keep said roads in such condition as to be in accordance with MCLA 224.21, reasonably safe and convenient for public travel, other than as may relate to the work and service to be performed as listed in Section I above, and the City hereby agrees to hold harmless, represent, defend with counsel acceptable to the Board,

and indemnify the Board; the County of Oakland; the Office of the Oakland County Water Resources Commissioner and any and all applicable drainage districts(s); the Michigan State Department of Transportation and the Transportation Commission; any and all local units(s) of government within which the roads subject to this Agreement are located, and the respective officers, agents and employees of all of the foregoing, against any and all claims, charges, complaints, damages, or causes of action for (a) public or private property damage, (b) injuries to persons, or (c) other claims, charges, complaints, damages or causes of action arising out of the performance or non-performance of the activities which are the subject matter of this Agreement, both known and unknown, whether during the progress or after the completion thereof. However, this hold harmless provision does not apply in so far as any claim or suit is alleged to be, or demonstrated to be, the result of a defect in highway design or condition and not related to the Summer Maintenance activities set out in Section I. Further, since the Board has the statutory responsibility for maintenance of the roads under this Agreement, it is the intent of the parties that the delegation by this Agreement of those maintenance responsibilities to the City provide immunity to the City as an agent of the County. Therefore, the City falls within the governmental immunity protection of the County.

During that part of the year that the City is providing Summer Maintenance under Section I, the City agrees to notify the Board within 30 days, should it become aware of defects or maintenance requirements in the roads set forth in Exhibit A, if said defects or maintenance requirements are not Summer Maintenance subject to this Agreement.

V

The City shall acquire and maintain, during the term of the Agreement, statutory worker's compensation, employer's liability, automobile and comprehensive general liability insurance coverages, and such other insurance coverages, as described in Exhibit C attached hereto, covering the Board's liability for any and all claims arising out of the City's performance or non-performance of the activities which are the subject matter of this Agreement, and these coverages shall be obtained and maintained in accordance with the requirements set forth in Exhibit C attached hereto and made a part hereof and shall be primary and non-contributory.

VI

The City further agrees to comply with all applicable laws and regulations, including laws and regulations of the State of Michigan for safeguarding the air and waters of the State**.** In particular, City facilities and operations must meet the provisions of Part 5 (Spillage of Oil and Polluting Materials) rules promulgated pursuant to Part 31, Water Resources Protection, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended. (Rules R324.2001 through R324.2009 address release prevention planning, secondary containment, surveillance, and release reporting requirements).

VII

In accordance with Michigan 1976 PA 453, as amended, and 1976 PA 220, as amended, the City covenants not to discriminate against any employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, marital status or because of a disability that is unrelated to the individual's ability to perform the duties of the particular job or position, and to require a similar covenant on the part of any subcontractor employed in the performance of the Agreement. A breach of this covenant may be regarded as a material breach of this Agreement.

VIII

City shall utilize the provisions of the Federal E-Verify Program to verify the work authorization status of all newly hired employees; and the Road Commission for Oakland County may terminate the contract for failure of City to so comply with the Federal E-Verify Program.

IX

It is the intention of the parties hereto that this Agreement is not made for the benefit of any third party.

It is anticipated that subsequent agreements regarding Summer Maintenance activities will be executed annually by the Parties hereto.

The terms and conditions of this Agreement shall become effective as of April 1, 2021, and shall continue in full force and effect until a subsequent Summer Maintenance agreement has been executed by the parties hereto or until this Agreement is terminated, as set forth below.

In the event that a subsequent Summer Maintenance agreement has not been executed by the parties hereto on or before October 1, 2021, either party may terminate this Agreement by providing the other party hereto with written notice of intent to terminate, at least thirty (30) days prior to the date of termination.

This Agreement is executed by the Board at its meeting of _____, and by the City by authority of a resolution of its governing body, adopted _____, (copy attached as Exhibit D).

WHEREAS, as recently as March 2, 2021 the Director of the Michigan Department of Health and Human Services (MDHHS) made the following findings:

"The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. COVID-19 spreads through close human contact, even from individuals who may be asymptomatic.

On March 10, 2020, MDHHS identified the first two presumptive-positive cases of COVID-19 in Michigan. As of March 1, 2021, Michigan had seen 589,150 confirmed cases and 15,534 confirmed deaths attributable to COVID-19. Michigan was one of the States most heavily impacted by COVID-19 early in the pandemic, with new cases peaking at nearly 2,000 per day in late March. Strict preventative measures and the cooperation of Michiganders drove daily case numbers dramatically down to fewer than 200 confirmed cases per day in mid-June, greatly reducing the loss of life. Beginning in October, Michigan again experienced an exponential growth in cases. New cases peaked at nearly 10,000 cases per day in mid-November, followed by increases in COVID-19 hospitalizations and deaths.

On November 15, 2020, MDHHS issued an order enacting protections to slow the high and rapidly increasing rate of spread of COVID-19. Cases, hospitalizations, and deaths remained high through early December, threatening hospital and public health capacity. On December 7, 2020, December 18, 2020, and January 13, 2021, MDHHS issued orders sustaining those protections. These orders played a crucial role in slowing the spread in Michigan and have brought new cases down to about 1,500 per day. These lower rates prevented Michigan's healthcare system from being overwhelmed with a holiday surge.

As of February 27, the State of Michigan had a seven-day average of 91.2 cases per million people, nearly 88% lower than the case rate in mid-November. While that case rate is similar to the rate in early October, it has plateaued over the past week and remains three times the rate of the summer low point.

Test positivity was 3.7% as of February 27, and has started to plateau as well. While metrics have decreased from all-time highs, further progress has tapered off and there is growing concern of another spike with the presence of more infectious variants in Michigan and the United States as a whole.

Even where COVID-19 does not result in death, and where Michigan's emergency and hospital systems are not heavily burdened, the disease can cause great harm. Recent estimates suggest that one in ten persons who suffer from COVID-19 will experience long-term symptoms, referred to as "long COVID." These symptoms, including fatigue, shortness of breath, joint pain, depression, and headache, can be disabling. They can last for months, and in some cases, arise unexpectedly in patients with few or no symptoms of COVID-19 at the time of diagnosis. COVID-19 has also been shown to damage the heart and kidneys. Furthermore, minority groups in Michigan have experienced a higher proportion of "long COVID."

The best way to prevent these complications is to prevent transmission of COVID-19. Since December 11, 2020, the Food and Drug Administration has granted emergency use authorization to three vaccines to prevent COVID-19, providing a path to end the pandemic. Michigan is now partaking in the largest mass vaccination effort in modern history and is presently working toward vaccinating at least 70% of Michigan residents 16 years of age and older as quickly as possible.

New and unexpected challenges continue to arise: in early December 2020, a variant of COVID-19 known as B.1.1.7 was detected in the United Kingdom. This variant is roughly 50 to 70 percent more infectious than the more common strain. On January 16, 2021, this variant was detected in Michigan. It is anticipated that the variant, if it becomes widespread in the state, will significantly increase the rate of new cases. Currently, Michigan is second in the nation with respect to the number of B.1.1.7 variants detected. To date, there are over 400 cases, and this is one fifth of all cases identified in the United States. CDC modeling predicts B.1.1.7 could become the predominant variant by the end of March. At present, however, it appears that cases have plateaued."

WHEREAS, the Director of the MDHHS has concluded that the COVID-19 pandemic continues to constitute an epidemic in Michigan and that control of the epidemic requires restrictions on public gatherings, and;

WHEREAS, the City Council desires to conduct the public business of the City in a manner so as not to place at risk members of the public, City staff, or members serving on public bodies of the City;

NOW, THEREFORE, IT IS RESOLVED, THAT pursuant to the authority contained at § 3 of the Home Rule Cities Act, MCL 117.3 (j) authorizing cities to provide for the public health and safety of persons; §3 of the Open Meetings Act, MCL 15.263 (2) permitting a public body to meet by electronic or telephonic means upon declaration of a local state of emergency or state of disaster if meeting in person would place at risk the personal health or safety of members of the public or members of the public body; and §10 (b) of the Emergency Management Act permitting the Mayor to declare a local state of emergency;

I, Marian McClellan, Mayor of the City of Oak Park based on the findings made by the Michigan Department of Health and Human Services regarding the public health threat posed by the COVID-19 novel coronavirus and its variant strains declare a local state of emergency to permit the City Council and all other public bodies of the City of Oak Park to continue to meet by electronic and telephonic means after March 30, 2021 and respectfully request the City Council affirm this action through May 31, 2021
